

2013 Kids Tennis Club Equipment Grant

GRANT DESCRIPTION

The grant is a one-time grant worth up to \$250.00 for Elementary Schools that organize a Kids Tennis Club. The USTA North Carolina Schools, Partnerships and growth Committee will make final decision on grants that are submitted. The school will determine the tennis equipment that it would like the USTA North Carolina to purchase.

Kid's Tennis Clubs are typically on-going throughout the school year and have the following characteristics:

- An after-school or intramural program similar to a chess club, running club, etc.
- Can be organized at a school, park, youth center, or tennis facility
- Offers a mix of supervised and structured play opportunities, including:
 - Recess, lunchtime and “open gym” formats (supervised play)
 - Team matches, ladder play, fun mixers & play rotations (structured play)
 - Field trips to high school/college matches, pro tournaments, and events
 - Play exchanges with other *Kids Clubs*
 - Participation in community Tennis *Play Days*
- Instruction can be included, but the emphasis is on play
- Tennis Club organizers can be teachers, coaches, parents or volunteers (e.g. retirees, league players, college students).
